SUMMARY

Python Developer with a strong foundation in **Python, SQL, HTML, CSS**, and **JavaScript**. Hands-on experience in building data-driven applications, performing data analysis using Pandas and NumPy, and developing responsive web interfaces. Completed internships in Python Full-Stack and Web Development, gaining practical exposure to backend logic, database management, and frontend-backend integration. Quick learner with strong problem-solving skills, seeking an opportunity to contribute and grow in a dynamic organization.

EDUCATION

B.E - Information Science and Engineering.
Sapthagiri college of Engineering, 2025
CGPA: 7.69

12th - PCMB
Bangalore PU College, 2021 | 81.33%

10th - ICSE.
Sapthagiri public School, 2019 | 68.33%

PROJECTS

Real Estate Valuation Model
Python | Pandas | NumPy | HTML | CSS

- Developed a data-driven application to analyse real estate market trends and predict property prices using statistical techniques.
- Performed data preprocessing, cleaning, and analysis to improve prediction accuracy.
- Built an interactive web interface allowing users to input data and generate instant valuation reports.

Hotel Management System
SQL | DBMS

- Designed and implemented a relational database system to manage hotel operations including room bookings, guest information, and billing.
- Optimized SQL queries to improve data retrieval efficiency and reporting accuracy.
- Demonstrated strong understanding of database normalization and joins.

Skill-Building Academy Website
HTML | CSS

- Developed a responsive and user-friendly website for accessing skill development resources.
- Focused on clean UI design, usability, and structured content presentation.
- Applied best practices in front-end development to enhance user experience.

TECHNICAL SKILLS

Programming: Python (Data Types, Indexing, Slicing, Functions, File Handling, Advanced Concepts, OOPS)
Databases: SQL (DBMS, RDBMS, DDL, DML, Joins, Queries, Subqueries)
Web Technologies: HTML, CSS, JavaScript, Bootstrap, Tailwind.

INTERNSHIPS

Python Full-Stack Intern – PySpiders

- Ongoing hands-on training in Python, SQL, HTML, CSS, and JavaScript.
- Developed backend logic and database queries for sample applications.
- Gained practical exposure to full-stack development concepts.

Intern – IBM SkillsBuild

- Participated in a job-readiness focused internship program.
- Completed assigned tasks and projects to strengthen analytical and professional skills.
- Enhanced understanding of industry expectations and workplace practices.

Web Development Intern – Alnitak Solutions Pvt. Ltd

- Developed and maintained responsive websites using HTML and CSS.
- Designed page layouts following modern UI/UX best practices.
- Improved website usability and visual appeal.

KEY STRENGTH

- Analytical Thinking.
- Problem Solving.
- Team Collaboration.
- Time Management.
- Adaptability & Quick Learning.

CERTIFICATIONS

- **IBM** - Skills Build.
- **Alnitak Solutions Private Limited** – Python Programming
- **International Conference (ICGCP)** – Innovative security techniques for active and passive attacks.

DECLERATION

I hereby declare that above information is true and faithful to the best of my knowledge and belief.
